

INDIVIDUAL SCHEME NEW RIVER CROSSING

Option NRC - A new river crossing slightly west of the A47/Cromwell Road roundabout

WHY THIS SCHEME IS PART OF THE WISBECH ACCESS STRATEGY?

- Some of the current issues with the local transport network are as a result of there being limited river crossings
- To provide access to the Wisbech West Local Plan Development Site
- To help alleviate congestion on the existing two crossings within Wisbech Town centre

BENEFITS OF THE SCHEME

- Provides an additional crossing over the river giving additional options for travel and helping to reduce congestion
- Low impact on the conservation areas
- Good site access for construction
- Provides good access to the Fenland Local Plan West Wisbech Development Site
