

# INDIVIDUAL SCHEME WESTERN LINK ROAD

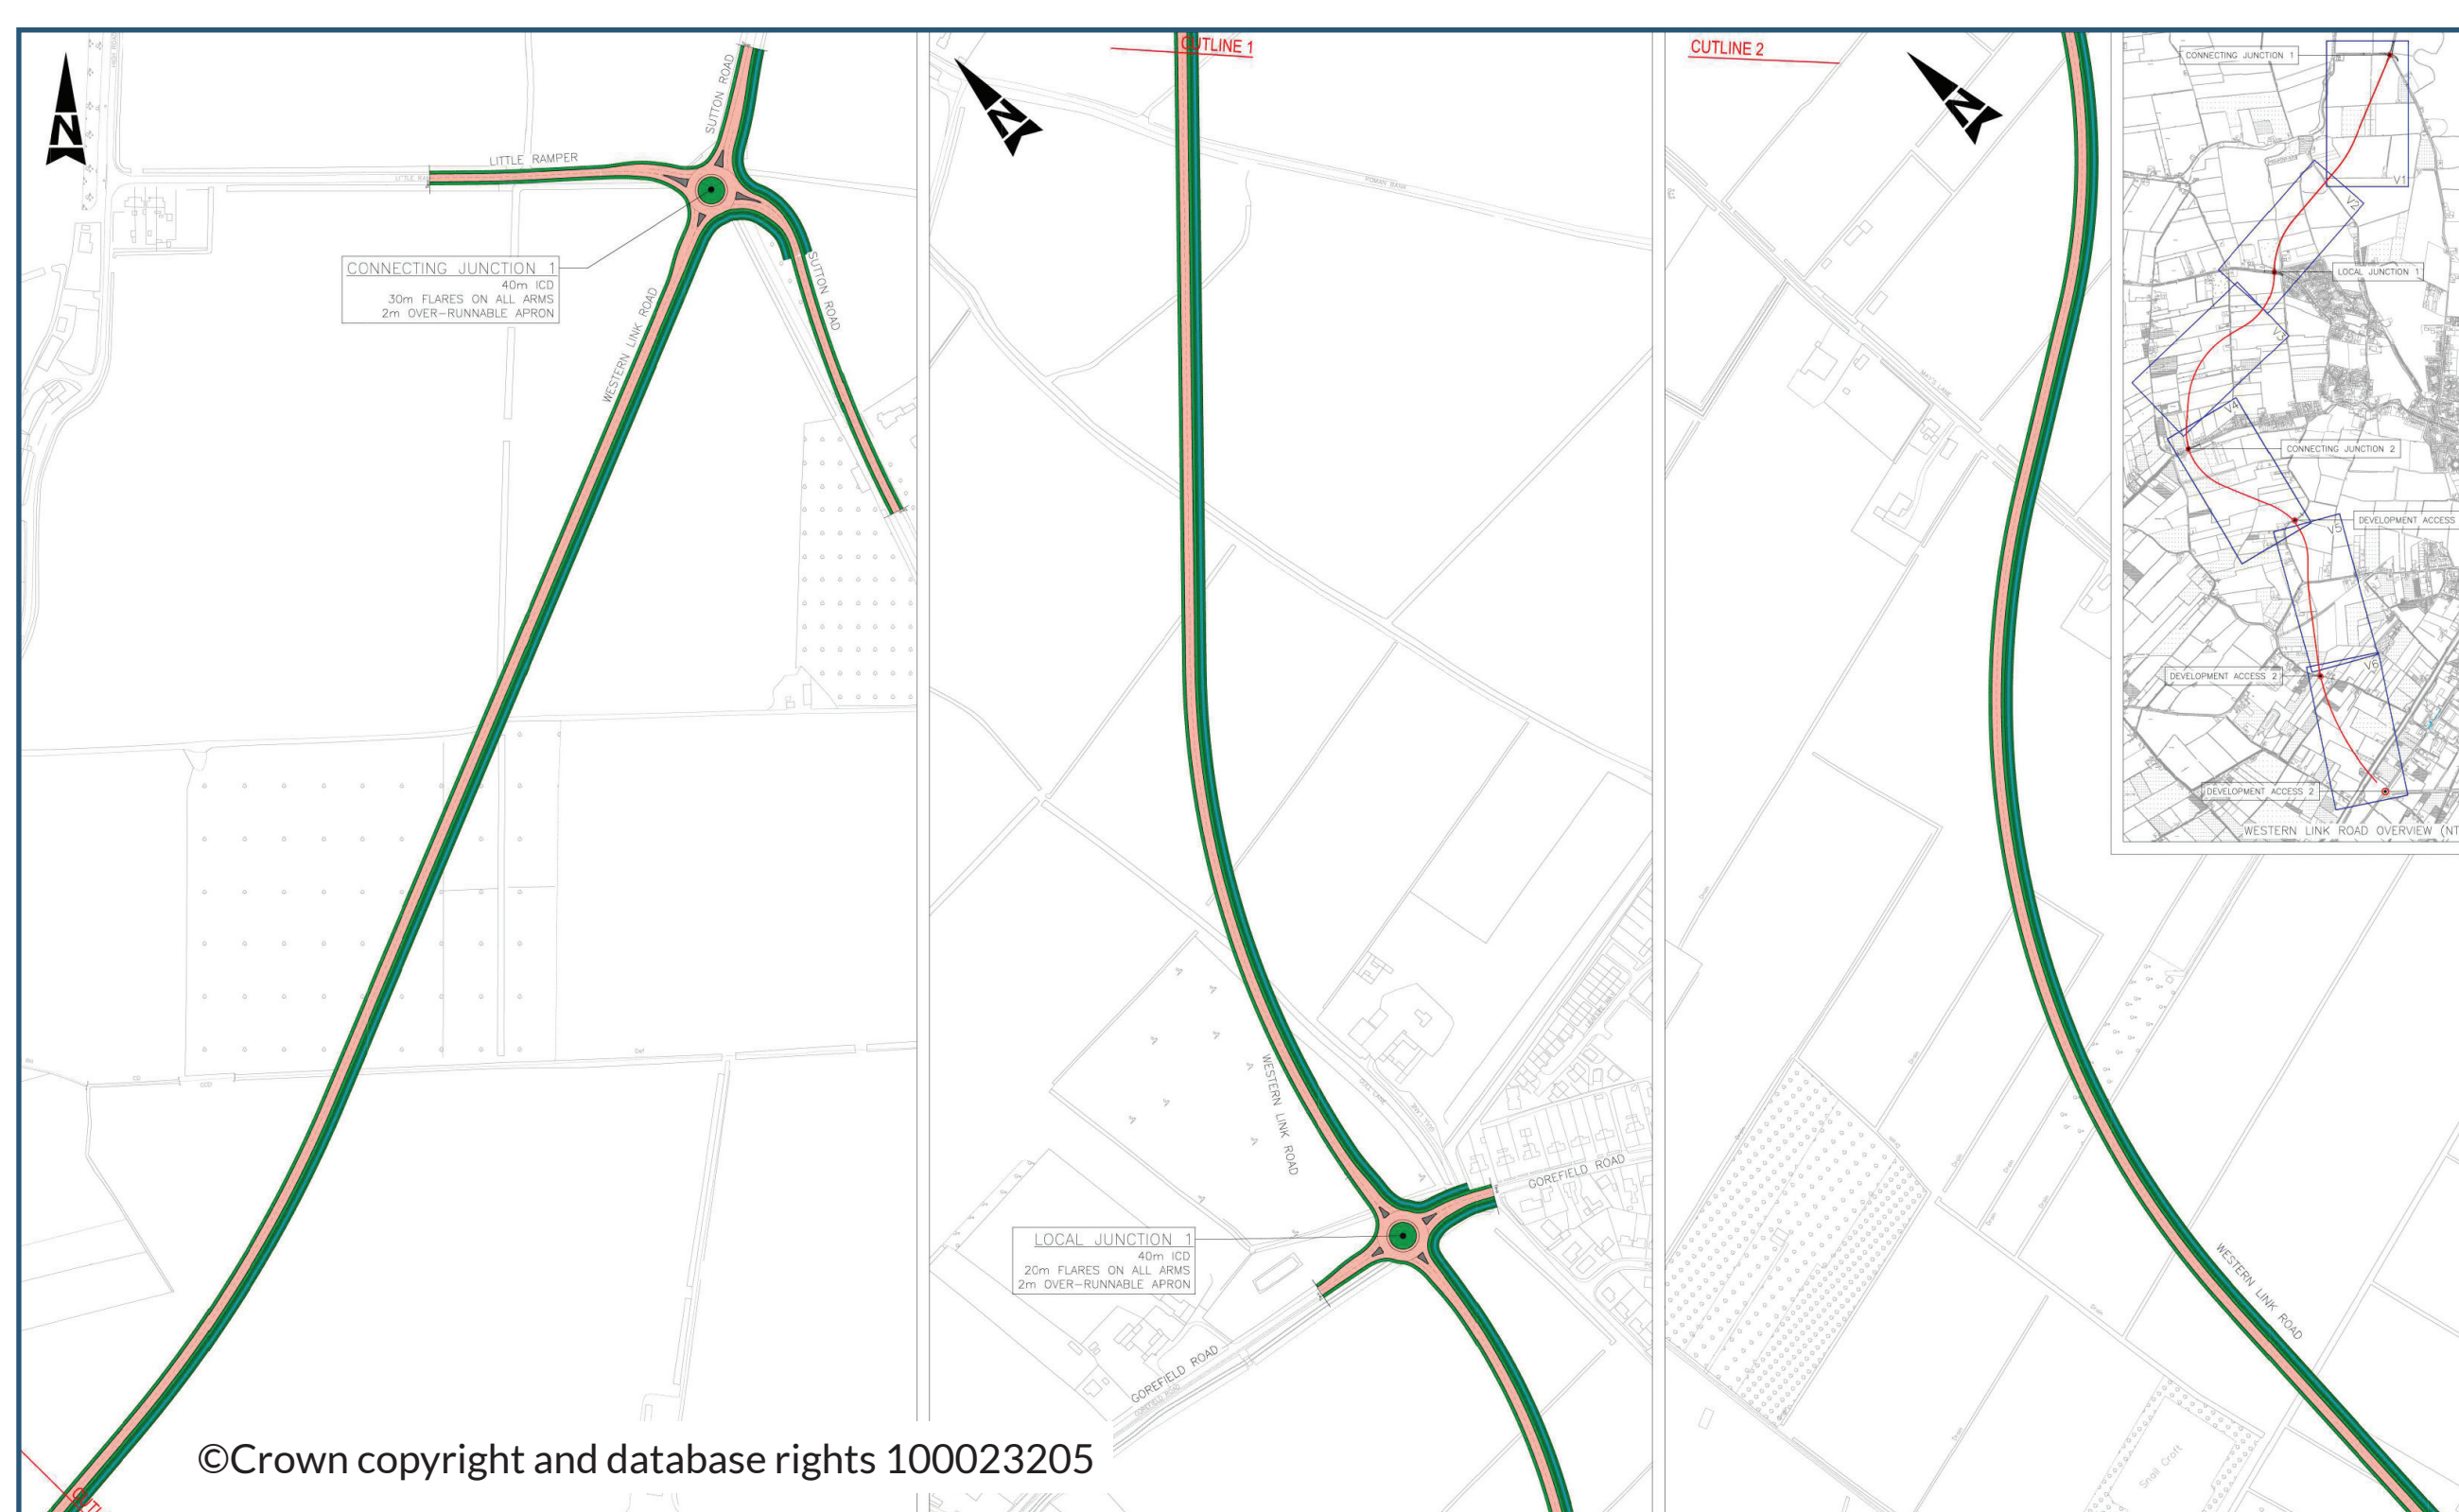

**Option WLR1D - Southern river crossing with a central road alignment that deviates to the west of Leverington before re-joining the A1101 at Little Ramper**

## WHY THIS SCHEME IS PART OF THE WISBECH ACCESS STRATEGY?

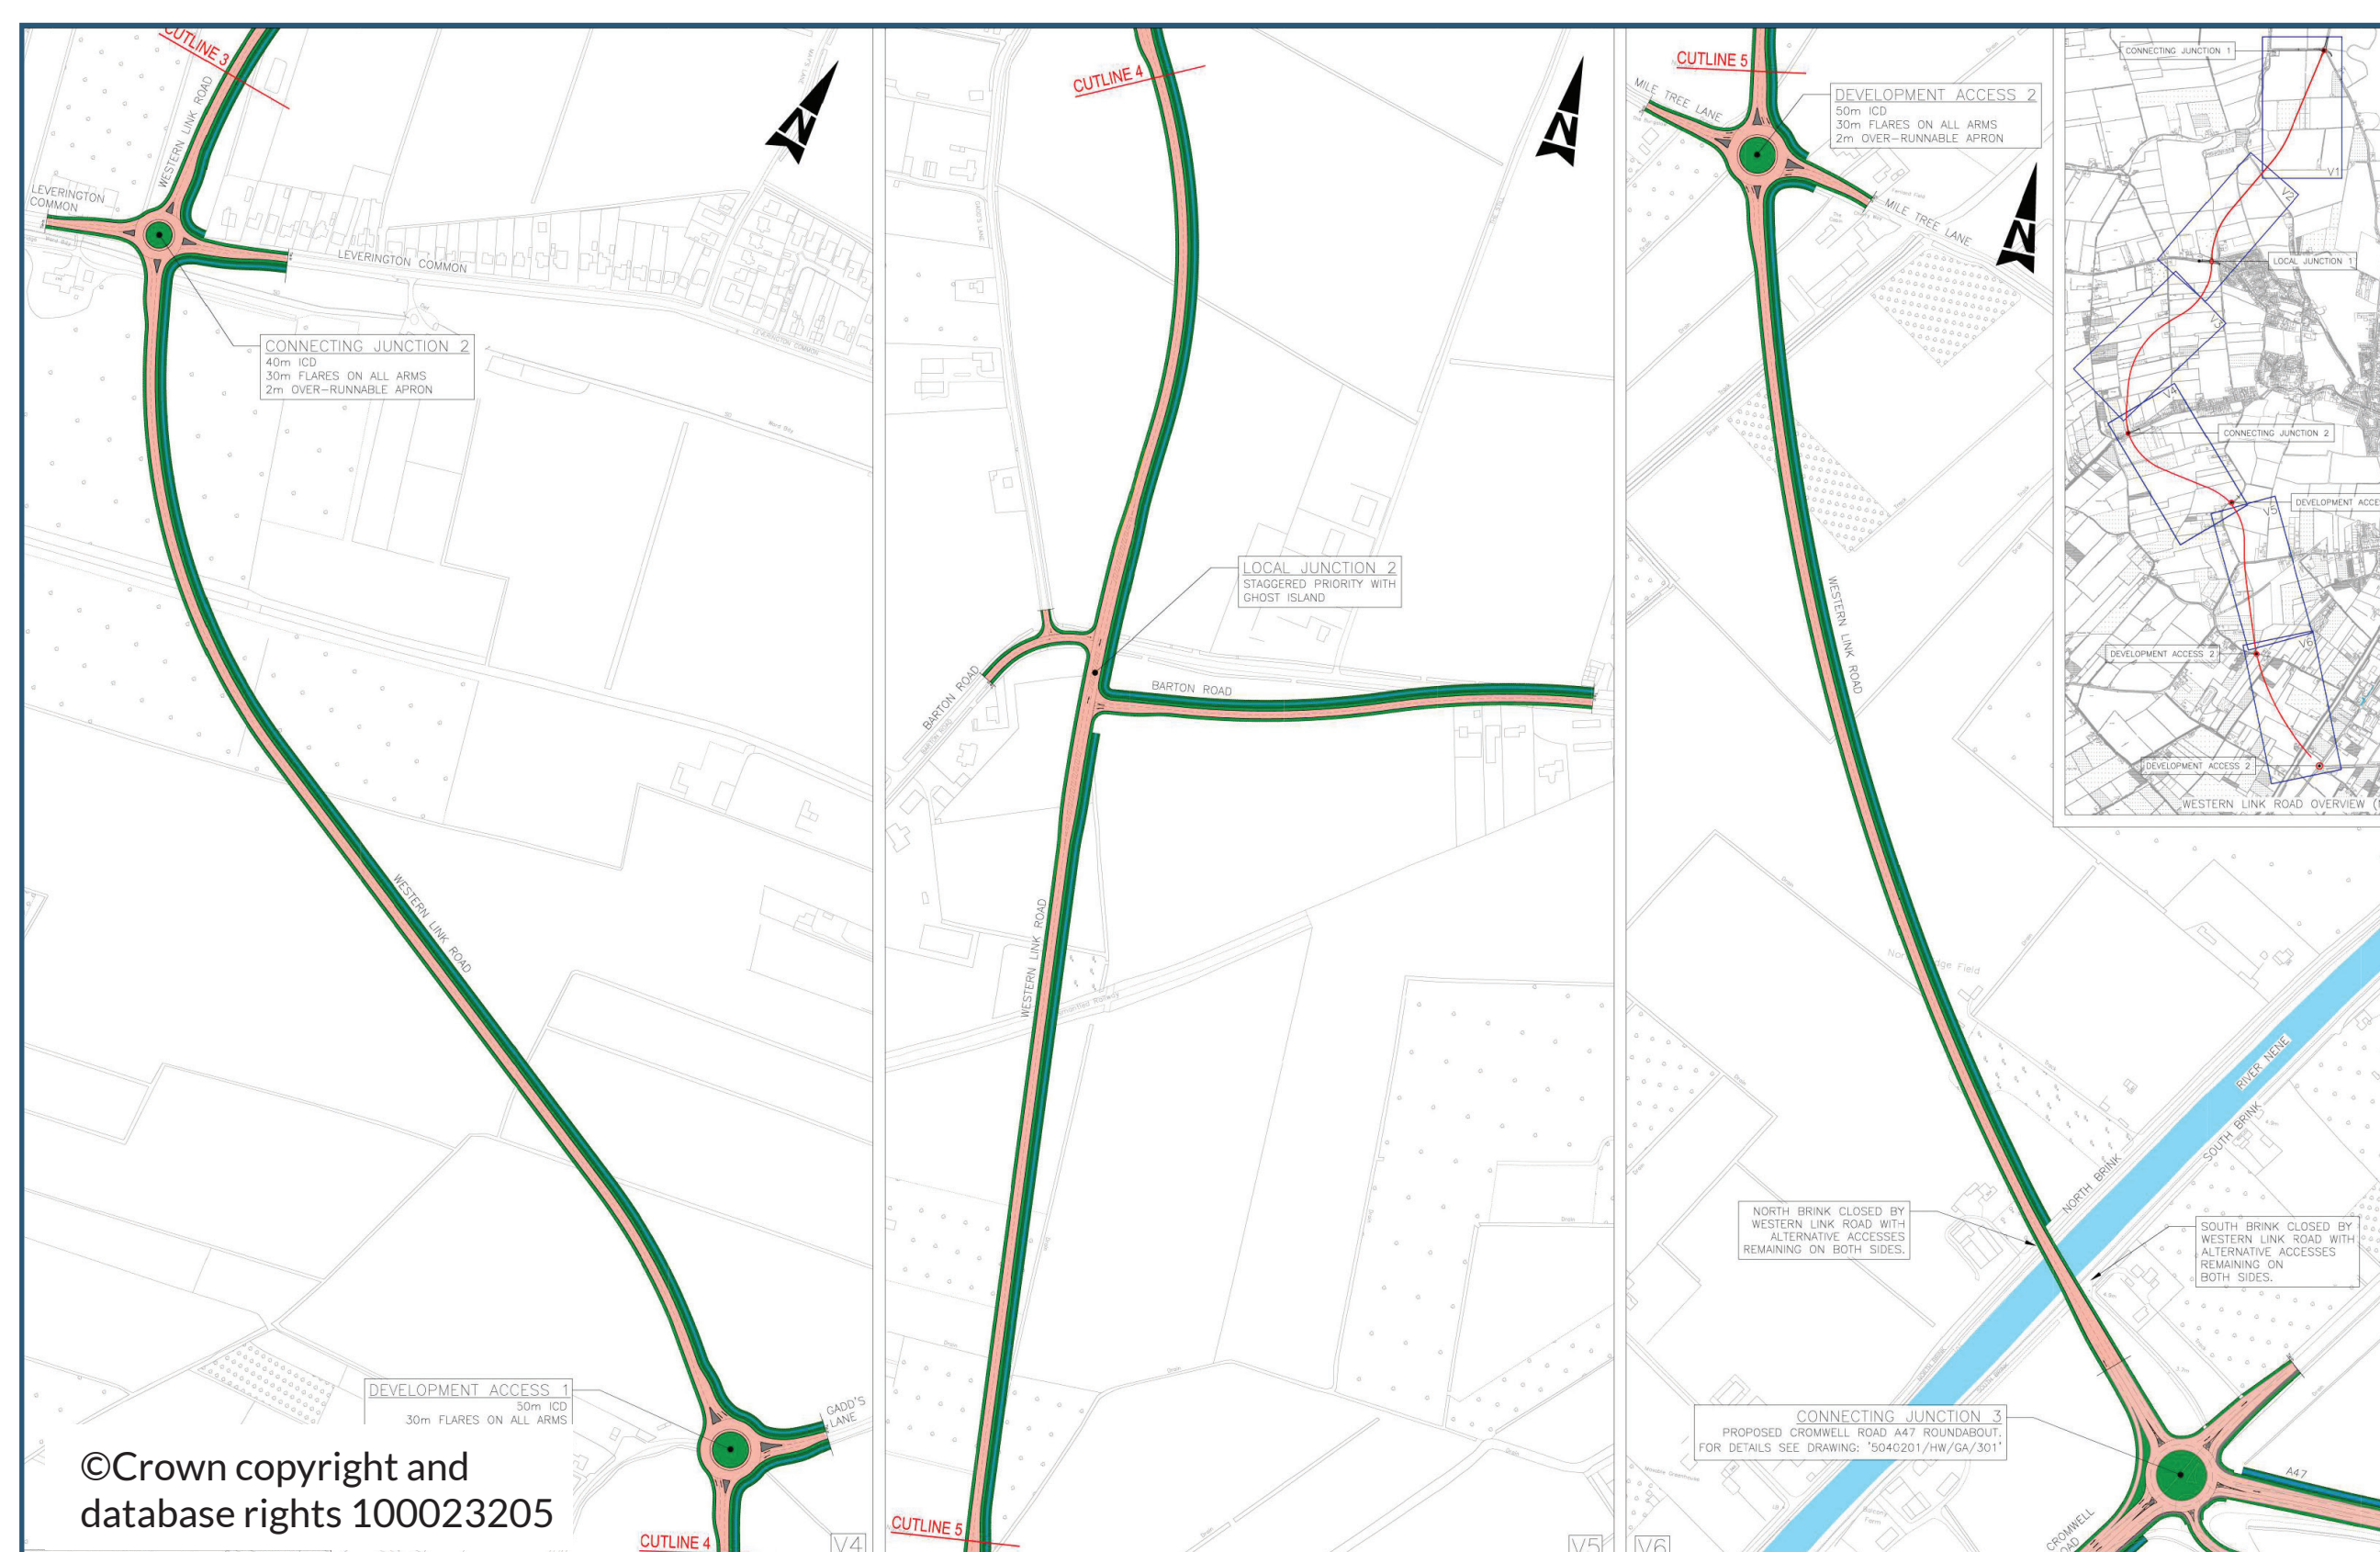

- The link road removes the need for trips into the centre of Wisbech
- The link road provides an alternative route for traffic currently requiring access to A17 or A47
- Helps to reduce congestion in the town centre at Freedom Bridge
- Provides access into the Fenland Local Plan West Wisbech development site

## BENEFITS OF THE SCHEME

- Removes through traffic from Wisbech Town Centre including some HGV traffic and limits the impact on existing communities
- Provides access to the Local Plan West Wisbech Development Site
- Scheme can be delivered in a phased approach as development comes forward

Link Road North

Link Road South
