How it works

Welcome to Park Explorers! Play by heading to the park*. Explore around the park and see if you can identify and see any of the items from the rhymes on this sheet.

Write down your answers and whether you and your family found the items in the park on your visit. Plus add more information if you wish, for example how many do you see? Don't forget your pen or pencil!

This is a great way to practice rhymes and poems! Can you make up your own family rhymes about other items in the park too?
