

DHR Action Plan – Anne – Fenland CSP

	Recommendation	Scope of recommendation	Action to take	Lead Agency	Key Milestones achieved in enacting recommendation	Target Date	Completion date and outcome
1	<p>The Integrated Care Board (ICB) to publicise the findings from this DHR to all General Practices, highlighting the need for training to include:</p> <ul style="list-style-type: none"> a) professional curiosity, b) the importance of documentation and the linking of 'carers' and 'cared for' on their documentation systems and use of SNOMED codes to identify carers within clinical records. 	District/County	<p>a) The briefing paper provided by the CSP will be widely shared across primary care via the Safeguarding Newsletter. This and the published report will be shared with the relevant GP practice. The acute Trust will receive the same from the CSP and they will disseminate the information accordingly. 2	In terms of the carer, where possible, local authorities should complete the Care Act assessment/review alongside the Care Act assessment/review for the cared for. Ideally this should be considered at every contact with the cared for to ensure that the carer is appropriately supported.	County	Policy Review: What changes would need to be made to make this happen?	Cambridgeshire County Council
